

STEVEN LENDARIS is Special Counsel at Baker Botts, LLP. Steve's practice focuses on life science patent counseling and intellectual property litigation. Before attending law school, Steve performed his graduate research on the protein-nucleic acid interactions underlying pre-messenger RNA splicing. Prior to graduate school, he worked at a biopharmaceutical company developing production strategies for recombinant blood clotting factors. By filing *amicus* briefs on behalf of clients in the *Myriad*, *Prometheus*, and *Bilski* cases, Steve and the team at Baker Botts LLP have been working closely with biopharmaceutical companies and industry organizations as they take part in the ongoing debate over the scope of patent-eligible subject matter under 35 U.S.C. § 101.
